THE SHIP'S LOG

HISTORY OF THE SCHOOL

"The Builders"

**"For the structure that we raise
Time is with materials filled.
Our todays and yesterdays
Are the blocks with which we build."**

—H. W. Longfellow.

Such thoughts may have been in the minds of those sturdy pioneers to whom we pay our first tribute for the organization of Madison Township in 1836.

As of a nation, so of an institution, its history goes back many years with many "builders" having contributed to its foundation and continued development. Our gratitude and appreciation is due to all who in the past years made every effort and sacrifice, oftentimes meeting discouragement and seeming frustration, while trying to provide higher education for the youth.

More than forty years ago, a two-year high school course was added to the curriculum of the Hoagland School. This functioned for several years and aroused still more interest in education beyond the eighth grade. After it was discontinued, the high school students were transferred to Fort Wayne, Decatur or Monroeville.

By 1926, so many were being transferred and transported to these high schools that, in view of the fact that the grade buildings had been condemned, it was really an economy measure to build for both grade and high school. All necessary steps having been taken, construction was begun that summer. Mr. D. O. McComb, county superintendent of schools; Mr. Paul Smitley, Madison Township trustee; Advisory Board members were William Busick, John Couey and Alex Brouwer; C. R. Weatherhogg was the architect.

On January 1, 1927, Mr. Fred Oehler became Township Trustee, with Fred Bohnke, Maurice Gerardot and Louis Grodrian, Advisory Board. They completed the building, having it ready by September 1 for the beginning of the New Era. Mr. E. A. Doty was the first principal. Students were enrolled who had attended not only the above mentioned high schools, but also the Chicago Training School, Detroit and Angola High Schools and the International Business College. They deserve special commendation for their splendid attitude and co-operation in the arrangement of a program which would meet such a variety of needs.

The Dedication Ceremony was held Sunday afternoon, December 11, which was the one hundred eleventh anniversary of our state. Mr. M. F. Worthman, Decatur's school superintendent, who had evidenced so much personal interest in many of our students, was the speaker. J. C. Cafaro and daughters furnished the music, which was so well received that Mr. Cafaro was soon engaged as orchestra director.

This very first year our school began taking honors. In a public speaking contest, entered by several county and the Fort Wayne High Schools our representative, Earl Clayton, placed first. In the years since, we placed first four times and second five times in the county Latin contests. In the district which comprised eight counties our representative, Florence Brown, placed first, two years in succession. In the spelling contests, Mary Clayton and Hazel Jane Clayton were grand champions. Others who have been our winners are: Mildred Franke, Charles Reynolds, Josephine Smith, Jeanette Youse, Willo Fry, Delmer Hoffman, Alice Griebel and Margaret Crabill in the Latin. Spelling winners have been: Mabel Bacon, Leona Brokamp, Phyllis Houk and Ben Ruhl. Our basketball teams have been County Champions four times.

Mr. E. A. Doty was the principal for three years. Mr. Kelro Whiteman taught social studies and physical education two years before becoming the principal, which position he held for seven years when he resigned to assume the office of County Superintendent. This is Mr. Gerald Irwin's second year as principal. Faculty members in previous years include: Juanita Marquardt, Lela Dunten, Elizabeth West, Helen Conley, Golda Laney, Geraldine Fredericks, Catherine Dice, Irene Youse, John Flora and Arno Ellis.

The Baccalaureate Services have been held in the local churches with the following ministers officiating: The Reverends Davies, Wheadon, Shumaker, Wyandt, Meyer, Trojan, Rodenbeck, Jennings, Aker and Hile.

The Commencement speakers have included six college presidents or professors: Lewis Hessert, I. J. Good, Dr. R. E. Tulloss, J. O. Winger, Andrew Cordier and Robert La Follette; three prominent attorneys, S. Jackson, C. R. McNabb and David Hogg; one minister, William Aker, and R. N. Snider, principal of South Side High School.

On January 1, 1935, Mr. Herman Franke became the Township Trustee, with Fred Bohnke, John Witte and Fred Alfeld on the Advisory Board. Enrollment in the school and interest in its activities had increased to such an extent that more room was necessary, so in 1936 a large gymnasium-auditorium was built. The former gymnasium was made into a manual-training room, an electrically equipped kitchen and a dining room. The rooms formerly used by these departments were made suitable for class rooms.

The Dedication Ceremony was on Wednesday afternoon before Thanksgiving. A pageant—"America: The Land of Opportunity"—was the feature number. Every student from the first grade to the twelfth had a part.

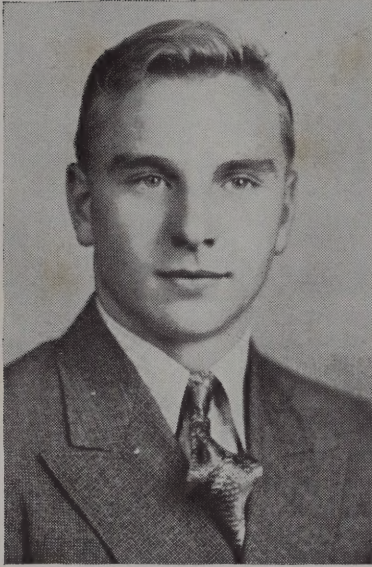

Since the erection of this building, all school activities and many community affairs have been held here, thus cementing community friendship and interest and molding civic pride.

Thus the past has had its part so we should—

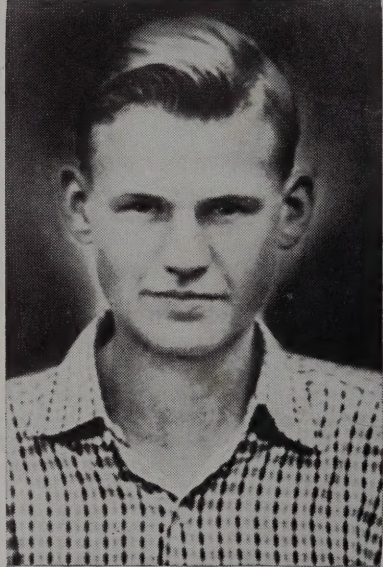

"Build today then strong and sure
With a firm and ample base
And ascending and secure
Shall tomorrow find its place."

As we look into the tomorrows with high hopes we again quote Mr. Longfellow—

"Our hearts, our hopes are all with thee.
Our hearts, our hopes, our prayers, our tears,
Our faith triumphant o'er our fears
Are all with thee—are all with thee."

The Dedication

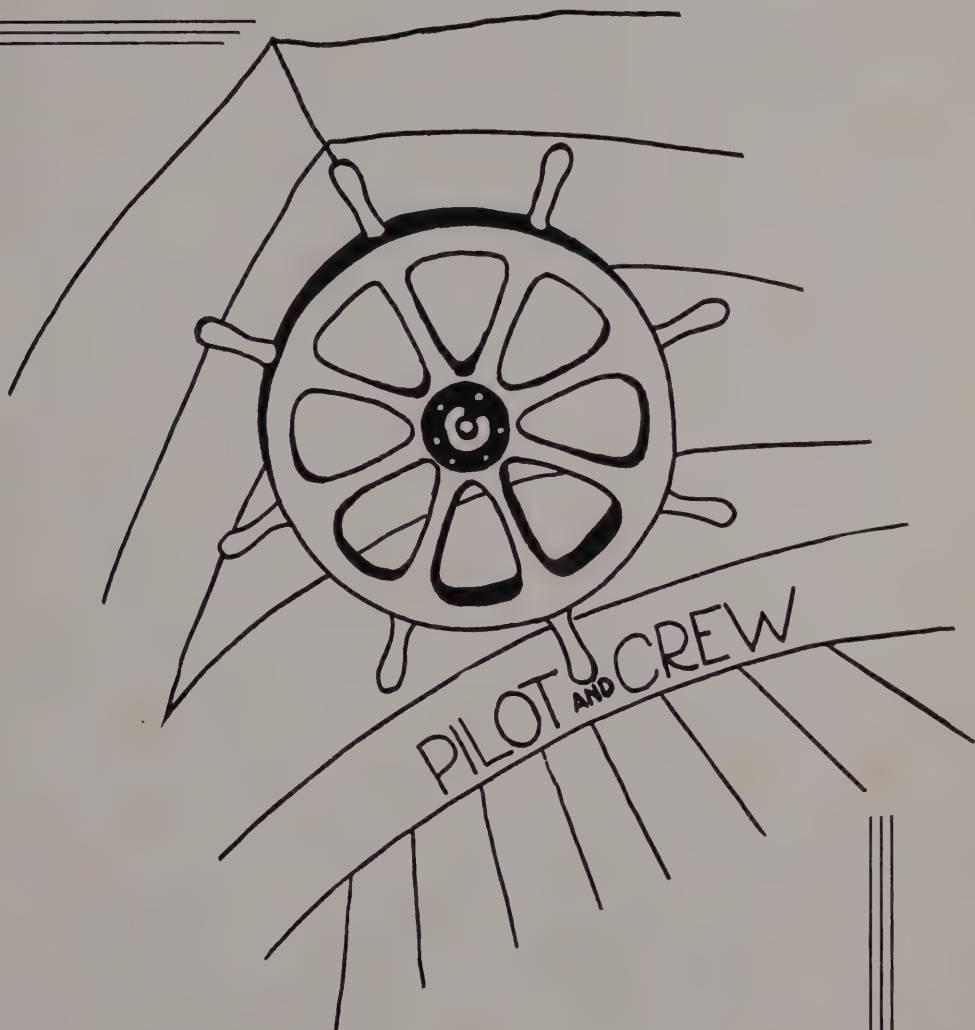

We, the Senior and Junior Classes of Hoagland High School, dedicate this, our first annual, "The Ship's Log," to the memory of William Koenemann and John Kraft, who spent their entire school life with us, and whose co-operation and cheerful service is deeply appreciated. We offer the record of their lives as an inspiration and guide to the boys and girls of our community.

KELRO WHITEMAN
Superintendent of Allen County Schools

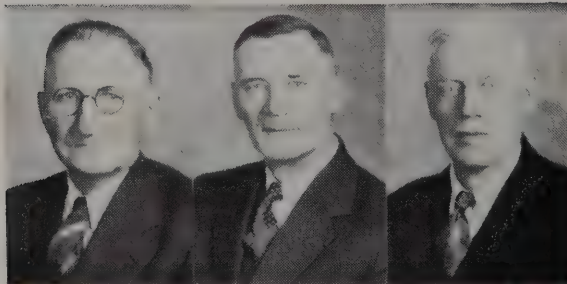

For seven years he guided Hoagland School in a constructive upward growth, building minds and character that are a credit to our community. He was principal, teacher, coach and friend, always ready to sympathize and encourage us in the solution of our problems. Two years ago, after the death of David O. McComb, Mr. Whiteman became superintendent of the county schools, where his ability has a broader field in which to develop.

We have come to the close of another school year when tasks are laid aside and we can pause a moment to consider what the year has meant to us. We trust that the various subjects taught are not merely learning, thinking and teaching. True education is life, light and love—life not only temporal, light not only intellectual, love not only human, but also divine, light divine and love divine. Surely not only the created world we see and experience, but above and beyond all principles of the Creator, our Father in Heaven, should be the ideal in the highest sense, of our educational system.

Class History

The sands of time run through the hour-glass in a never ending stream. An eventful hour was checked when the Class of 1939 entered Hoagland High, 43 strong. Our enthusiasm was matched only by our lack of experience. We organized our class under the sponsorship of Mrs. Sheehan with the following officers: Miriam Luginbill, president; Kathleen Koenemann, vice-president; Maxine Smitley, secretary; and Lavella Smith, treasurer. Two parties were held during the year, one at the home of Aldine Kaiser, the other at Luella Hegerfeld's.

How grown-up we felt in September, when 38 Sophomores moved into the center section of the assembly. Mrs. Sheehan was again chosen for sponsor and the following officers were elected: Meta Fuhrman, Dan Barkley and David Perry. Lavella Smith, having proved her ability to get a response from the fans in her freshman year, was re-elected yell leader, with Miriam Luginbill as a helper. Dave Perry, small but mighty, proved to be a great aid to the basketball team, not only during this year but also in the junior and senior years. Both girls' and boys' basketball teams were winners in the interclass tournament. One of the main events of the year was a treasure hunt enjoyed by the whole class at the home of Arlene and Beulah Gaskill.

Father Time marched on and at last as juniors we were assigned the coveted seats near both the windows and the radiators. How important and superior we felt! Miss Thomas was our sponsor and Lavella Smith, Meta Fuhrman and David Perry were our officers. We continued to show our ability in softball, basketball and cheer leading and added dramatics to our conquests. "Show Boat," a minstrel, was given by the Glee Club of which many of us were members. On April 9, 1938, we presented a play, "Oh, Professor!", directed by Miss Brown. Hopes and plans finally materialized in a three-day trip with the seniors to Turkey Run. Did we have fun? And do you remember??

"The senior class will please meet in Room 2. Miss Thomas will be your sponsor." So were the notices at the beginning of the last turn of the hour-glass. Robert Gresley, Charles Frederick and David Perry were chosen to guide us to the final goal. Our trip to the Bluffton fair as juniors had been so much fun that we tried it again with a picnic supper at the State Park. Our class suddenly abandoned their dignified state and attended a convention for carefree hobos at the home of Robert VanHorn. Then we again settled down to weeks of hard work and to the production of our senior play, "The Adventures of Tom Sawyer," under the direction of Miss Thomas. It proved to be a great success, the cast portraying their roles very well. Other capable students of our class who were members of the Glee Club participated in the North Eastern Indiana High School Chorus which sang at the Teachers' Convention in Fort Wayne.

Our desire to put our journalistic ideas into the hands of the community led us to the editing of the first year of the Hoagland Hurricane and finally to the co-editing of this annual. Yes, we still took part in athletics. Why not, with Dave, Feedie, Lloyd, LeRoy, Emerson and Curly? We are proud of their records. But the sand is almost through; our caps and gowns are here. We have waited anxiously for this time; now we aren't sure. But we cannot stop; the hour is here. The class of '39 leaves Hoagland High to those who follow and hopes they will never let the sands clog in the march of progress, but climb on and up, "though the rocks be rugged."

Class Will

Since our time has come to bid farewell to the school which has given us so many laughs and headaches, but is still respected by all of us, we think it is fitting and proper, from this ever-generous class, that we should will to our underclassmen and also the faculty some of the things which we think they would appreciate during the rest of their school career.

Prophecy

Far in the distance we see a light. Ah, what is it? The Prophets? Yes, the Prophets of Old are reappearing to tell the fates of the 1939 graduating class of dear old Hoagland High. For each one there are priceless experiences and for each the future holds a guiding lamp. We see one of the Prophets holding an open book. As they come nearer, we can read from the pages—

In Denver, Colo., a subtly charming "Lady of Mystery" is flaunting herself before the shopping public. The "Lady of Mystery", our own Hilda Bultemeier, is frying potato chips in the show window of the Witte Dime Store.

Lloyd Scherer, who was famous for animal imitations in the school assembly, is now the famous imitator who is traveling with Major Bowes' Amateur Unit No. 199 in France. He gives the pretty Mademoiselles realistic imitations.

New York City, 1945—Martha (Mitzi) Miller, a famous chorus girl, is now about to appear in her final show with the "Oh You Kiddo" Production Company. The show features her in "Swing It, Sister."

Edgar Nagel, our boy with the Greek profile, is now known as Meadows and is working as a butler for a wealthy New York heiress, Mrs. Van Gresley Plushbottom.

In Washington, D. C., our view turns to the Hon. LeRoy Emehiser, M.A.D., who is introducing a child labor bill to congress. He wants fewer working hours for babies. He states, "I remember when I was a baby, I had to get up at 9 a. m. to take a bath."

Kathleen Koenemann now has a soft seat. She is the private stenographer to the boss of the "Ketchum, Holdum Co."

New Orleans, La.—The Mardi Gras was a pleasing success to all who attended. This success was due to Mrs. Bernice Rohrback Stults, wife of Major Stults. She was hostess for the Flower Ball.

At Charleston, S. C.—The aeroplane lunatic, "Lucky E. Wayne Emehiser," is giving an exhibition over a cotton field. You ask why is he doing it over a cotton field? He says, "You see, I'm liable to fall, so why not land on cotton?"

Frederick Scheumann, who used to do so well at holding down basketball stars, is now holding down a walking plow, behind a span of stubborn mules.

Miriam Luginbill is now a radio announcer on Station SAP. She also sings lullabys and tells children stories on the Piggly-Wiggly Schroeder Hour.

Reno, Nev., 1949—David Perry, once a basketball player and now a coach, is being transferred from the Dinglehoofer University to the Detroit Sub-Normal College. The Athletic Association thinks that he can improve things there.

Lorine Kleine, the girl who could always roll those eyes, is now proprietor of The Vogue, a swanky little hamburger stand and hat shop combined.

Parliament, London, 1960—A native of U. S. A., Paul Schroeder, who used to make great speeches in civics class, has taken the House of Lords for a loop. He is introducing his original Old-Age Pension Bill in England.

Pop Over, Idaho, 1951—Yesterday in the Guenin, Guenin and Rothgeb Circus a large kangaroo escaped the bars. Due to the quickness and presence of mind of Arlene De Gaskill, animal trainer, the kangaroo was quickly brought under control.

1949—Flash! As a doctor, Richard Hoffman is doing great work in Clambake, N. Dakota. He has already gained fame as a surgeon, and yesterday married his nurse, Margaret Ray.

The roving newsman reports a new Hollywood producer has come into the limelight. He is the English Duke, Sir Melvin P. D. Q. Franke of Weiner on the Sandwich, England.

Fort Wayne, Ind., 1946—The World's Fair opened here today with enormous crowds. One little lady took the multitudes by storm when she appeared in her act, "Bubbles Over Hoagland." Back-stage we soon found her to be Luella Hegerfeld Jones.

Philip Warner, the Tarzan of Hoagland, is owner of a cattle ranch in Arizona. Now he swings up into the saddle of a horse instead of through the trees.

Hop Ching, China—The noted dress designer, Miss Wilma Schamerloh, who used to draw pictures for pastime, is here gathering information about Chinese dresses. Soon she will introduce these Chinese creations in New York.

Melvin Peppler is now a prize fighter in a bakery shop—Punching holes in doughnuts. Another job of his is being the bakery manicurist—Trimming lady fingers.

Maxine Smitley, who made her debut at the Senior Play, is now with the Laisure-Bolyard Opera Co. Known as Mme. Clancy Shorthorn, she sings such arias as "Kiss Me Yesterday" and "Tonight Will Live For No Time At All."

Robert VanHorn, the young American engineer who won distinction in the oil industry, is now progressing in the bottled gas field—a high pressure salesman.

Porcupine, Russiberia, 1946—The Smith-Parnin Missionary Service is doing a great work here among the outcasts. Lavella Smith, half owner of the firm, uses her knowledge of yell-directing to teach.

Joseph Marquardt, who drew many pictures of houses in art class of his Alma Mater, is now an architect, associated with the Giant House Co.

We find Shirley Stonecipher, who used to be such a gad-about, settled down, raising chickens in the hills of Vermont. The farm is known as the Hart-Stonecipher Chicken Ranch.

Paris, France, 1950—The Crabill Prize was awarded to Charles Frederick, noted painter of unrealistic murals. He says, "I especially like to paint Madam Sheehan's mural. She has such poise."

Hollywood, Cal., New York, N. Y., New Orleans, La.—All over the country the noted critics are proclaiming Beulah Gaskill as the second Greta Garbo in her screen performance in "Ko Ko Sue."

Calcimine, Scotland, 1960—The scientist, Robert Gresley, S. K., has discovered the secret of the centuries: "Where the dark goes when the daylight comes." He is also known for developing the potomaturp.

"If by the prophets we offend you, it is with our good will

That you should think we come not to offend but to show our simple skill.

That is the true beginning of our end."

Junior Class History

CLASS OFFICERS

Margaret Jane RayPresident
 Joe OttenwellerVice-President
 Edwin WitteSecretary-Treasurer

The Junior Class of '39 entered high school with the usual amount of greenness. The thirty-one who started our freshman year were: A. Delight Bobilya, DeVetta Bolyard, Marian Crabill, Roberta Dawson, Elmer France, LaVon Giant, Delmer Gick, Vivian Gresley, Esther Guenin, Lloyd Guenin, Gerald Hisner, Edward Hockemeyer, Lorena Hockemeyer, Arthur Hoffman, Marceil Hoffman, Arthur Kaiser, Betty Laisure, Raymond Marquardt, Joe Ottenweller, Margaret Jane Ray, Alice Rothgeb, Gladys Schamerloh, Marvin Schroeder, Mary Sheehan, Bertie Smith, Eugene Tieman, Elizabeth Vinson, Edwin Witte, Dortha Wood, Robert Whittern and Hester Youse.

We found the studies somewhat harder, but we soon got adjusted to the new situation. After a few weeks, we elected class officers—President, Edwin Witte; vice-president, Joe Ottenweller; secretary, LaVon Giant; and treasurer, Hester Youse. Mrs. Colter was our class sponsor and helped us with our class parties and other activities. Our first party was at the home of A. Delight Bobilya and the second was at Margaret Jane Ray's home. During the year we had a part in the dedication of the community gymnasium. We were glad to get the use of it for our four years of high school work. We took part in the Art Exhibit, exhibiting projects from our class work. Eddie Witte and Gerald Hisner represented us in athletics, and A. Delight Bobilya represented the school in a county spelling contest. The Freshman girls were required to take cafeteria work and served the school. The cafeteria was under the direction of Mrs. Sheehan and Miss Fry helped us.

In the Sophomore year, we were glad to drop the name of "Freshie" and continue bearing the standards of Hoagland High. There were twenty-three in the class now. We lost Roberta Dawson, Gerald Hisner, Edward Hockemeyer, Lorena Hockemeyer, Arthur Hoffman, Marceil Hoffman, Bertie Smith, Raymond Marquardt and Elizabeth Vinson. Later Vaughn Hadley came and went.

The following officers were elected: President, A. Delight Bobilya; vice-president, LaVon Giant; secretary-treasurer, Marvin Schroeder. Mrs. Sheehan was our class sponsor this year. We held our first class party at the High School Gymnasium and our second party at the home of A. Delight Bobilya. Eddie Witte, Joe Ottenweller and Marvin Schroeder represented us in softball and basketball this year.

On September 1, 1938, we were glad to get back for the "old grind." Our class, somewhat diminished, boasted of eighteen hard-working students. Those dropped out were Elmer France, Dortha Wood, Delmer Gick and Eugene Tieman. We, being the smallest and best class (good things come in small quantities), had a number of activities to look forward to for this year. For our class officers we elected Margaret Jane Ray, president; Joe Ottenweller, vice-president; Edwin Witte, secretary-treasurer. We received Mr. Alger for sponsor and adviser, and he helped us with a successful class party and weiner bake at the home of Hester Youse.

During the year the Juniors helped in forming the Booster's Club. The Pencil and Brush Club elected LaVon Giant for their first president. Many Juniors joined the Glee Club and lent a faithful hand during the year, especially in caroling at Christmas time. A. Delight Bobilya, Marian Crabill and Margaret Jane Ray helped to represent Hoagland High School in the Northeastern Indiana High School Chorus which sang for the Teachers' Association. In December, two of our Juniors, Marian and Margaret, led the sale and management of a skating party at Bell's Rink. The movement for this Annual was heralded by the class as a new project and each had a part in making it. We elected Betty Laisure as our Junior Editor. On March 31, we presented our class play, "Blackberry Winter."

Selecting class colors, old rose and silver, and class flower, sweet pea, arranging for a class party at the school-house on April 14, and planning to entertain the Seniors kept us busy during the closing weeks of school.

Our Year Together

This year has been a pleasant one. Good work has been accomplished and much of it has been very interesting. Our curio table held articles from Alaska, Canada, Cuba, Mexico, South America, many of the States, Japan, China and India. These things and the moving pictures showing scenes and activities in the West and Southwest made geography and history more real.

Making various booklets has given us pleasure and we have enjoyed the use of the Red Cross and Nature Magazines, the National Geographic, the Instructor, Popular Mechanics and the Book of Knowledge. We made good use of the "Bookmobile" and gave reports on the books we read. Mrs. Colter read or told us many helpful stories. Some were funny.

There have been forty-three of us, so our room was well filled and our recesses lively, as we played our games, usually in a spirit of friendliness and fairness.

We always looked forward to the music and art periods, and although arithmetic was the hardest of all, we tried to learn it thoroughly and worked at it willingly.

Velma Ruhl, our star speller, is in the contest and we hope she will win.

We had our Hallowe'en party at Mrs. Colter's home. Our Christmas and Valentine parties were in our room and our Easter party is to be a trip to the Historical Museum and other places. We know we shall enjoy it very much.

Spring tests are just ahead, then comes the summer vacation, at the end of which we hope all will be ready to return to school.

A Pleasant Voyage

Last fall, we presented our passports and boarded The Ship for another voyage on the journey of school life. The stateroom was equipped with movable seats for all passengers and enough red chairs to form a friendly circle for classes. A beautiful new silk flag was our banner. Our number remained intact until February when Erwin Kleine withdrew; Bonnie Burke left in March.

A variety of activities were pursued during the year. The new First Aid Cabinet stimulated a safety program and we adopted "Better Be Safe Than Sorry" for our motto. We were little scientists this year. We cared for an aquarium, studied a cage of animals, studied birds and finally made "a bird tree" in our Spring Art periods. Another of our projects was the preparation of a Writing Booklet, composed of writing samples taken each month. This shows our improvement. We made an excursion to the Pioneer Ice Cream Factory to see how ice cream was made. Dramatics found a place in the program, too. We skipped to the Land of Make-Believe and as Sunbonnet Babies and Overall Boys gave a specialty for the Junior Play. Along with these activities the "Three R's" were not slighted.

Parties came with the seasons. Hallowe'en came first, then the big Christmas party in Fort Wayne, as well as one in our room. Valentine Day and Easter brought their usual pleasures.

The voyage has ended and it has been a pleasant one. We leave the ship with fond memories, knowing that life will be richer because we have journeyed through another school year.

On September 6, 1938, twenty-one happy boys and girls started to Hoagland School for the first time. Of this number fourteen were boys. The Second Grade consisted of eight boys and eleven girls. Besides accomplishing a lot of good work, we found time for several parties during the school term.

Our first party was held October 30. This was a masquerade and every child participated. We paraded in every room in the school and then returned to our room for games and candy.

On December 10, we attended our annual Christmas Party, held at the Emboyd Theater. This trip was made by bus and was greatly enjoyed.

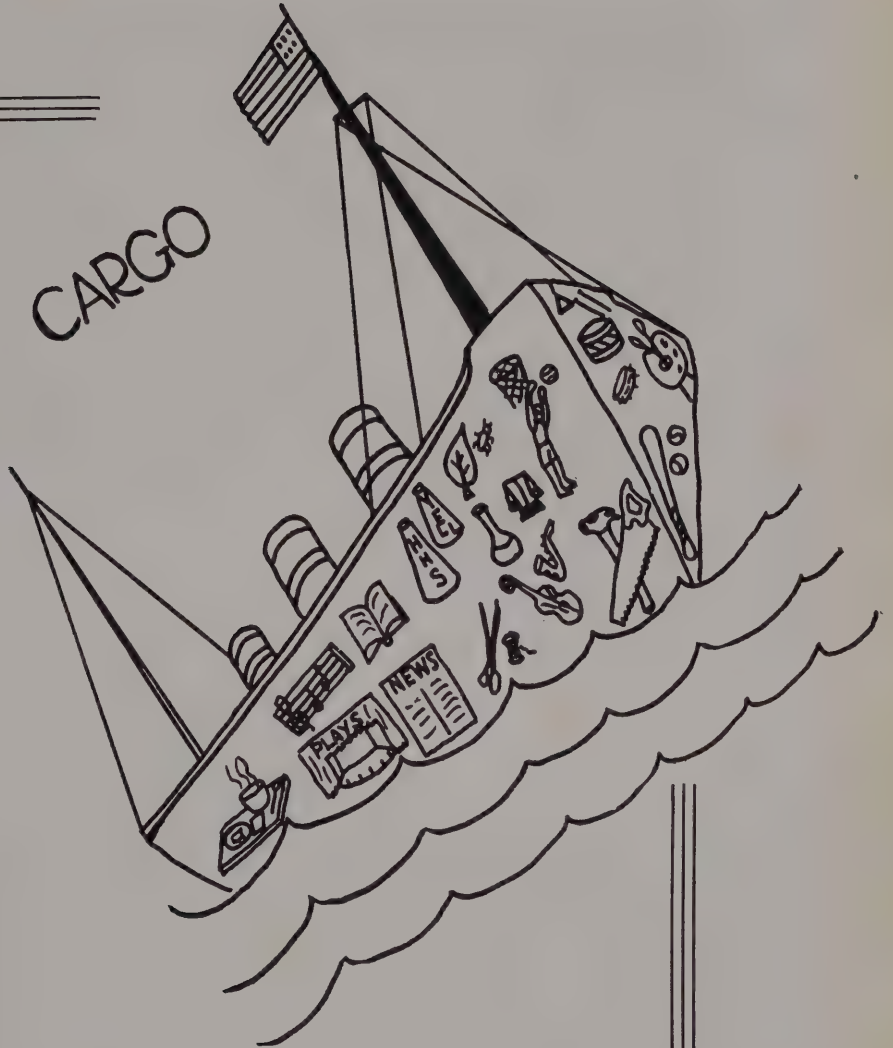

On December 23, we had our party and gift exchange in our room. This was a merry time for the children.

February 14, we enjoyed the Valentine Box and of course Easter baskets and candy were not forgotten at Easter.

We greatly enjoyed our new Elson-Gray Readers and with the weekly visits of the Bookmobile our reading material was most pleasant.

Our room was very fortunate in not losing a single child during the term.

This year witnessed many improvements in the school. Two outstanding enterprises were the publishment of a school paper and the first annual in the history of the school. The purpose of these publications is to create better school spirit and enliven community interest.

Cafeteria

We are very proud of our new dining room, which seats about eighty people and is well filled every day. Each child takes his tray, passes the serving window where he chooses his food, and returns to the table to eat with a feeling of relaxation and good fellowship.

Home Economics

We feel that we have a very well equipped kitchen with a new ice cream refrigerator and three new electric stoves added to our department.

The freshman girls, under the management of Mrs. Sheehan, serve the hot lunches to the students and have proved to be very efficient in their work.

We have a very capable helper, Miss Willo Fry, who has been with us six years.

Art Club

Standing: Bernice Rohrbach, Arthur Kaiser, Joe Marquardt, Eddie Witte, Robert Whittern, Martha Miller, Lloyd Guenin. Sitting: Wilma Schamerloh, Beulah Gaskill, LaVon Giant, De Vetta Bolyard, Alice Rothgeb, Gladys Schamerloh, Luella Hegerfeld, Lorine Kleine, Shirley Stonecipher.

Our Art Club is composed of high school students. We have elected LaVon Giant as president and Wilma Schamerloh as vice-president. Art is offered in the three upper classes of high school. We work with colors, lines, values, and shapes. Although some appear to be better artists than others, we have all produced some very nice things. The purpose of art in high school is to train boys and girls to appreciate beauty and use good taste in their homes, clothes, and surroundings.

Industrial Arts

This is the second year that we have used our new Industrial Arts room and we think it is a great improvement. Mr. Irwin teaches two industrial art classes a day, the freshman and the combined junior and senior class. The former has fifteen students and the latter twelve. Before any actual work on a project is done the student first sketches it on paper, as this will give him a clear general understanding of the project and the material he will need. Names of tools, their use and care, and their mechanism have been stressed in both classes, as well as the different kinds of joints, their use and how they are made. The classes have also been taught to recognize the different kinds of wood common to this community and to distinguish between the different finishing products and their use. One thing that Mr. Irwin particularly emphasizes is to finish what you have begun.

Physics

Left to right: Melvin Peppler, LeRoy Emenhiser, Melvin Franke, Philip Warner, Edgar Nagel, Lavella Smith and Richard Hoffman.

Physics endeavors to explain according to science the everyday occurrences that we usually account for as just happening or as superstition. Laboratory experiments are conducted to see how the laws of physics work in actual practice. These experiments also help impress the laws upon the student's mind.

Biology

Standing, left to right: Alvera Scheumann, Gordon Hisner, Herman Guenin, Luman Whittern. Sitting: DeVona Kleine, Gertrude Mailand, Harold Geradot, Parks Holt, Irene Shive, Robert Scherer.

The biology department seeks to bring boys and girls to a clearer understanding and appreciation of the world about us. We are part of the great family of living organisms, everyone of which, both plant and animal have a purpose and place in the scheme of life. Partly our work is from text books and partly from direct observation and experimentation.

Glee Club

The personnel of this organization is limited to juniors and seniors. There is an enrollment of twenty-eight voices which makes an inspiring group with which to work. To learn to blend several voices into a harmonious group has been the aim of all concerned.

It has been the custom of the Glee Club for the last ten years to go Christmas caroling. Carols are sung largely for the aged or sick.

A group was selected from the club to represent Hoagland in the Northeastern Indiana District Chorus. The music for the Senior Play was given by a select group chosen from the club. The Glee Club also sang at Baccalaureate services.

Seated from left to right—Top row: Marvin Schroeder, Edwin Witte, Edgar Nagel, Arthur Kaiser, Richard Hoffman, Philip Warner, Bernice Rohrbach, Delight Bobilya, Beulah Gaskill, Gladys Schamerloh.

Row 2: Wilma Schamerloh, Margaret Ray, Lloyd Guenin, Melvin Peppler, Lorine Kleine, Miriam Luginbill, Lavella Smith, Martha Miller, Betty Laisure, Vivian Gresley.

Orchestra

Any student capable of playing an instrument is eligible to enter the orchestra, regardless of his age. The present orchestra personnel includes students from the seventh to the twelfth year. Although the group is small, it has been working diligently.

The orchestra will play for baccalaureate services.

It is our earnest desire to make progress in the coming year.

It is a story of contrasts in the characters of two young girls, seniors in college, one a much spoiled, selfish individual, and the other a struggling mountain girl working her way through school. The director, Bonnie L. Thomas, also deserves a great amount of credit for her part in the success of the play. The characters were:

Alvin	Marvin Schroeder
Fed	Joe Ottenweller

Wanda Paris	Marian Crabill

Boys' and Girls' Physical Education

Cheer Leaders

Yes, you bet! Those two pretty girls are the Wildcats' cheer leaders. Whenever a game seems to be getting dull or the team needs pepping up, these two girls were right on the spot. Lavella Smith has been cheer leader for five years; and Miriam Luginbill was cheer leader for three years. Once they received the position, their stand was unbreakable.

In the first of the year the two girls made their appearance in blue satin culottes and white satin sandals. But when they received their honor sweaters, they made their appearance in white culottes and their honor sweaters, with white sport shoes. Both these girls will graduate this year, and we are very sorry to see them go.

Second row: Paul Veit, Marvin Schroeder, Gerald Hisner, Louis Boerger, Joe Ottenweller.

Front row: Melvin Peppler, Robert Scherer, David Perry.

Scheumann, Peppler, Perry, Scherer, and LeRoy Emenhiser will graduate from the varsity squad. The prospects are good for the next year with five boys remaining from this year's players and a group of reliable substitutes. This season netted the Wildcats (5) wins and (5) losses.

Hoagland's scholastic basketball team were often caught off-guard despite their efforts to ward off setbacks. Despite the seasonal defeats, the squad made a grand comeback in the sectional tourney. By casting aside Harlan and Elmhurst, the Wildcats earned the right to compete with North Side in the semi-finals.

Due to graduation there will be five empty berths next year; nevertheless, there will be more material poured into the hopper and molded for heavy production in 1939-40. The second team was on one of the top rungs this season, showing that they will be eligible against strong competition next season.

1. DAVID PERRY—"Dave"

"Dave" was the curly brown-headed lad who was the flashy sparkplug of the varsity and was known as the "Wildcat on wheels." Dave vacates the forward berth this year.

2. LE ROY EMENHISER—"Tubby"

"Tubby" was the husky five-foot-eight on the Hoagland roster. He was a calm steady player, but he had the habit of fouling out during the last quarter of a game and a willing substitute relieved the regular forward. He leaves the squad due to graduation.

3. WAYNE EMENHISER—"Emerson"

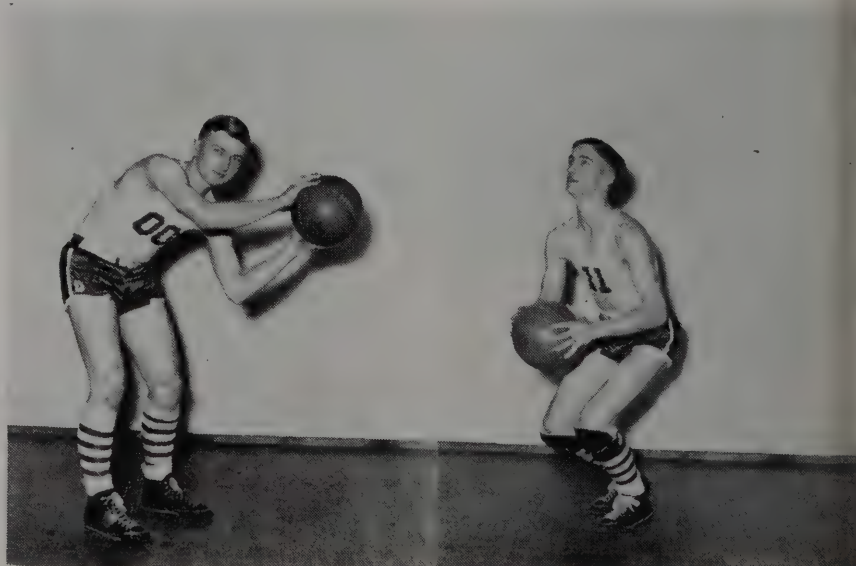

"Emerson" was a tall lanky center with the ability to add a few more points to the score when needed. He is one of the men to riddle the squad by graduation.

4. FREDERICK SCHEUMANN—"Fritz"

"Fritz" was the speedy blond guard who put plenty of vim into the game and left the spectators on the edge of their seats. He also rounds out his eligibility this season.

5. LLOYD SCHERER—"Scherer"

"Scherer" took the forward post this year. He came out of the cellar during the last four seasonal games and showed the spectators that he was not to be pushed aside. He leaves a berth empty this year, too.

GERALD IRW
Coach.

ROBERT GRESLEY
Manager.

6. ED WITTE—"Eddie"

"Eddie" is the junior floor guard this season but because of illness he had to slacken his pace. Eddie will be a mainstay on the squad next season.

7. MARVIN SCHROEDER—"Marv"

"Marv," a husky five-foot-eleven lad, will tally for the Wildcats one more season. He upset many fond hopes for his opponents this season and with all exceptions he is to be a reliable veteran on next year's squad.

8. Gerald Hisner—"Hisner"

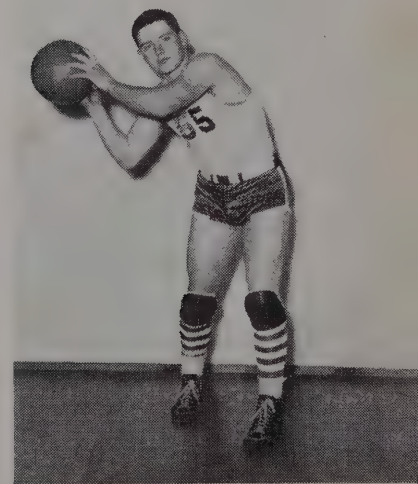

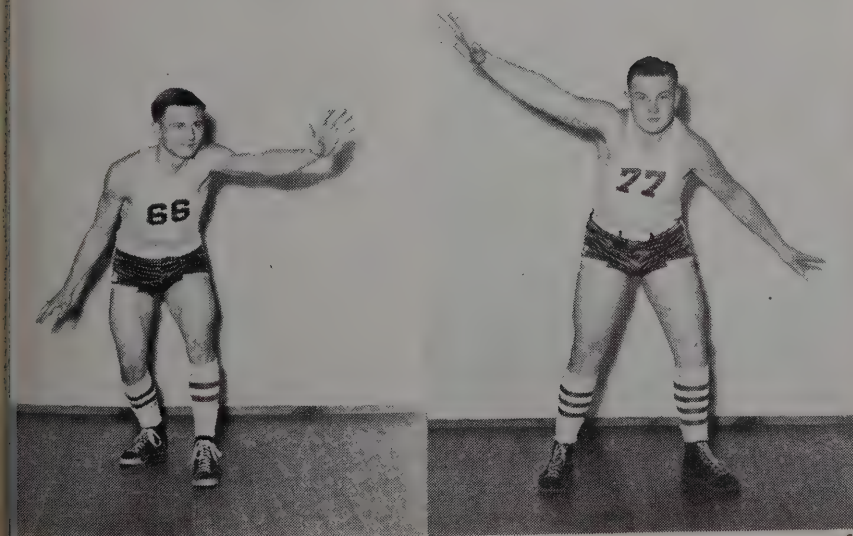

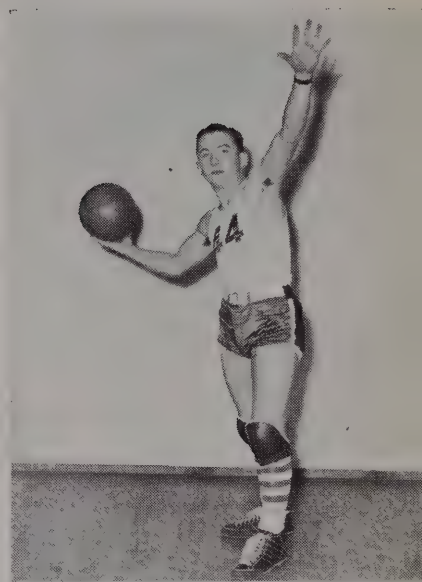

"Hisner" has developed rapidly in the recent seasonal games. He is a sophomore guard who saw action in nine tilts this season. Eyes should focus on Hisner who will help to carve a name for the Hoagland Wildcats.

9. MEARVIN RUHL—"Mervie"

"Mervie," a sophomore yearling, divided the guard duties this season. It is up to Mervie to be on his toes for that vacant berth as a reliable guard in 1939-40-41.

10. PAUL VIET—"Spider"

"Spider" is another sophomore yearling who has held his own throughout the season. It will be his lot to be in form as a reliable lad next season.

WILLO FRY

Willo Fry is our girl who helps in the Home Economics department. The girls in the cooking class work with her. Quiet and friendly, she is called Willo by everyone who knows her. For six years she has been Mrs. Sheehan's helper during the months when the cafeteria is serving. For recreation, she likes to play the piano.

ALBERT BOHNKE

Albert Bohnke, or "Al," as everyone calls him, is Sam Countermand's helper. He helps Sam, especially during the winter months. This year he has been here about three months. Al is fairly tall, and has light brown hair and twinkling eyes. Among the student body he is friendly and well known. He likes athletics and plays on the independent basketball team. His hobby at present is casting.

SAM COUNTERMAN

Sam Countermand, our janitor, has served us for four years. He co-operates with everyone to the best of his ability. He is good-natured, friendly, and liked by everyone. He is of medium height and has brown hair and eyes. Hunting, especially coon-hunting, is his hobby. Sam likes athletics and is on hand at every home basketball game doing his share. In addition to basketball, he particularly likes volleyball.

We wish to here express our appreciation to those who, through their advertisements, made this, our year book, possible.

The interdependence of school students and these business houses is recognized by the latter through their cooperation shown in this book. Let us show our appreciation and thanks by patronizing these establishments.

Waiter:—"It's no use; he wouldn't eat it either."

The Chinese stuck his head well into the hall and shouted indignantly: "You go Ella yourself."
